The author has informed the editor to correct the title, word, and reference in the article<sup>(1)</sup> as follow:

1) Incorrect title in the article:

Prevalence of Cam-Type Femoroacetabular Impingement Morphology in Hip Joint of Asymptomatic Thai Population

Correct title:

Prevalence of Cam-Type Femoroacetabular Impingement Morphology in the Hip Joints of Asymptomatic Thai Population

2) Incorrect word in page 2 of the article:

This plane is parallel to the long axis of the femoral neck and passes through the center of the femoral neck, representing only the anterior contour of the femoral head-neck junction.

Correct word:

This plane is parallel to the long axis of the femoral neck and passes through the center of the femoral head, representing only the anterior contour of the femoral head-neck junction.

3) Incorrect reference in the article:

2. Leunig M, Ganz R. Femoroacetabular impingement. A common cause of hip complaints leading to arthrosis. *Unfallchirurg* 2005;108:9-10, 2-7.

Correct reference:

2. Leunig M, Ganz R. Femoroacetabular impingement. A common cause of hip complaints leading to arthrosis. *Unfallchirurg* 2005;108:9-10, 12-7.
